## Introductory

---

**T**HE twentieth bi-ennial Directory of the cities of New Albany and Jeffersonville is herewith presented to the public.

The New Albany Directory contains 13,501 names. Using two as a multiplier, the smallest figure used by any member of the Association of American Directory Publishers, New Albany, including Silver Grove, Silver Hills and Lower Albany, has a population of 27,002.

The Jeffersonville Directory, embracing Port Fulton, Clarks-ville, Howard Park and Claysburg, contains 8,058 names, indicating a population of 16,116.

Many improvements are noted in both cities since our last issue. The most notable being the new double-track steel bridge of the Kentucky & Indiana Terminal Railroad Company over the Ohio River, between New Albany and Louisville, and costing more than two million dollars.

New Albany is making elaborate preparations to commemorate the centennary of its birth, which will be celebrated October 12 to 16, and marks one hundred years of continued progress.

The territory north of and between the cities of Jeffersonville and New Albany is beautifully situated. Several sub-divisions have been laid out and a number of substantial homes have been erected. The cars of the Louisville & Southern Indiana Traction Company pass through this section every half hour, making it one of the most desirable suburban sections surrounding the Falls Cities.

June, 1913.

# THE NEW ALBANY TRIBUNE

**Independent**

**Daily and Weekly**

**Established 1888**

---

THE TRIBUNE has the largest staff and the largest force of employes of all the publishing or printing institutions in New Albany and surrounding territory on the "north side."

THE TRIBUNE maintains its position as the most widely read newspaper published or circulated in New Albany.

THE TRIBUNE goes into more than 8,000 homes, and is the best advertising medium in the Third Congressional District. You write the ad and The Tribune does the rest; so if you fail to get the business it is your fault.

THE TRIBUNE Job Printing Department has no superior in New Albany or neighboring cities. We do not boast of the cheapness of our Job Work. Neatness is our strong point.

This is the Coupon that has turned the "STAMP SAVER" away from the Idea of "TAKING CHEAP PREMIUMS"--when they can get **DEPENDABLE MERCHANDISE.**

The Up-to-date Merchant, too, has gotten away from the "Premium Stamp." One of the many reasons is--**SURETY COUPONS** only cost the Merchant \$2.50 per thousand--a saving to him of \$2.50 per 5,000, or 20 per ct.

**HOW TO OPEN AN ACCOUNT—10.** When a person applies to open an account he must furnish the necessary information for the postmaster or his representative to fill out an application, which he will then be required to sign. If the applicant signs by mark his signature must be witnessed by a disinterested person.

**DEPOSITS—11.** Deposits are evidenced by postal-savings certificates issued in fixed denominations of \$1, \$2, \$5, \$10, \$20, \$50, and \$100, each bearing the names of the depositor, the number of his account, the date of issue, the name of the depository office, and the date on which interest begins. The postmaster or his representative will make out a duplicate of each certificate issued, which the depositor will be required to sign and which the postmaster will retain in his records.

12. No account may be opened for less than \$1, nor will fractions of a dollar be accepted for deposits.

13. No person is permitted to deposit more than \$100 in any one calendar month nor to have a total balance to his credit at one time of more than \$500 exclusive of accumulated interest.

14. Savings certificates can not be transferred or negotiated and will be payable only to the person to whom issued.

15. On opening an account a depositor is supplied with an envelope in which he may keep his savings certificates. On this envelope is printed information for his guidance, and also a blank ledger record on which to keep an account of his deposits and withdrawals.

16. In case a savings certificate is lost or destroyed the depositor should notify the postmaster. If deemed proper, a new certificate will be issued upon compliance by the depositor with the necessary requirements.

17. Postmasters are not permitted to receive savings certificates for safe-keeping.

**SAVINGS CARDS AND STAMPS—18.** Amounts less than \$1 may be saved for deposit by the purchase of 10-cent postal savings cards and adhesive 10-cent postal savings stamps. Each postal-savings card contains blank spaces to which savings stamps may be affixed from time to time as purchased, and a postal-savings card with nine 10-cent savings stamps thus affixed will be accepted as a deposit of \$1 either in opening an account or in adding to an existing account.

19. Savings cards and stamps will be redeemed only by the issue of savings certificates and are not valid for postage. They will not be received in exchange for postage stamps nor will postage stamps be accepted in exchange for postal-savings cards or stamps.

**INTEREST—20.** Interest will be allowed on all deposits at the rate of 2 per cent per annum, computed on each savings certificate separately, and payable annually. No interest will be paid on money which remains on deposit for a fraction of a year only.

21. Deposits will bear interest from the 1st day of the month next following that in which deposited.

22. Interest will continue to accrue on a savings certificate as long as it remains outstanding, certificates being valid until paid, without limitation as to time.

23. Compound interest is not allowed on an outstanding certificate, but a depositor may withdraw interest payable and include it in a new deposit, which will bear interest at the regular rate.

**WITHDRAWALS—24.** A depositor may at any time withdraw the whole or any part of his deposits to his credit with any interest payable by surrendering savings certificates, properly indorsed, for the amount desired.

25. A depositor presenting a certificate for payment in full with all interest payable must indorse it on the back in the presence of the postmaster or his representative and surrender it. The postmaster or his representative, if satisfied as to the depositor's identity, will then make payment.

26. When a depositor desires to withdraw only a part of the amount called for by any certificate the postmaster will cancel the certificate and issue a new certificate covering the amount to be left on deposit.

27. When a depositor desires to withdraw merely the interest payable on any certificate, instead of indorsing and surrendering the certificate as in case of full payment, he will be required to give his receipt in duplicate for the amount of the interest paid. The postmaster will enter the interest payment on the back of the certificate and return it to the depositor.

**DEPOSITS NOT MADE IN PERSON—28.** When a person who has opened an account can not appear personally to make an additional deposit, because of infirmity or for other good and sufficient reason, the amount to be deposited may be sent by a representative or forwarded by mail. On receipt of the amount the postmaster will send to the depositor the duplicate of each savings certificate to be issued. When the duplicate or duplicates thus delivered have been signed by the depositor and returned to the depository office, the postmaster will send him the original certificate covering the amount of the deposit. New accounts can not be opened by mail. When an intending depositor desiring to open an account is unable to appear in person he may forward the money by a representative, who will be provided with an application form, which must be properly filled out by the intending depositor and returned with the duplicate certificate or certificates.

**WITHDRAWALS NOT MADE IN PERSON—29.** When under similar circumstances a depositor can not appear in person to make a withdrawal, a blank order will be furnished for his use upon request by his representative. When such order has been properly filled in and signed by the depositor, with his signature witnessed by a disinterested person, and has been returned to the postmaster, together with each certificate to be paid properly indorsed, payment will be made to the depositor's representative.

30. When a depositor who is unable to appear in person desires to withdraw merely the interest payable on any certificate, the blank order furnished will include receipts for the interest to be paid, upon return of which, properly signed by the depositor, the postmaster will make payment to his representative.

**DEATH OF DEPOSITOR—31.** In case of the death of a depositor the amount standing to his credit will be paid to the executor or administrator of his estate upon compliance with the necessary requirements. In case no formal administration is desired by his relatives, the postmaster may, if it is deemed proper, be authorized to pay the amount of the deposit, on application in proper form, to the persons entitled to receive it, without the appointment of an administrator.

**DESCRIPTION OF POSTAL SAVINGS BONDS—1.** By applying on or before December 2, 1912, depositors of the Postal Savings System may exchange the whole or a part of their deposits for United States registered or coupon bonds in denominations of \$20, \$100, and \$500, bearing interest from January 1, 1913, at the rate of 2½ per cent per annum, payable semi-annually, and redeemable at the pleasure of the United States after one year from the date of issue, both principal and interest payable 20 years from that date in United States gold coin.

**ACCOUNT OF WOMAN WHO MARRIES—32.** A woman who opens an account and afterwards marries must present her savings certificates at her office in order that the certificates may be indorsed as payable to her in her new name. The postmaster will receive no further deposits from a depositor failing to comply with this requirement, nor will he make any partial or interest payment to her.

**POSTAL-SAVINGS BONDS—33.** A depositor will be permitted to exchange the whole or any part of his deposits in sums of \$20, \$40, \$60, \$80, \$100, or multiples of \$100 up to and including \$500, into United States registered or coupon bonds bearing interest at the rate of 2½ per cent per annum, payable semi-annually, and redeemable at the pleasure of the United States after one year from date of issue, both principal and interest payable 20 years from such date in United States gold coin. Such exchange may be made under date of January 1 and July 1 of each year, provided such bonds are then available.

34. A depositor desiring to convert his savings deposits into bonds on January 1 and July 1 of any year must make application at least 45 days before either of the dates named to the postmaster in triplicate on a form which will be supplied him for that purpose. At the time of making application he must indorse and surrender savings certificates covering the amount of the bonds desired, for which the postmaster will give him a receipt. Interest will continue to accrue on certificates surrendered until the date on which the bonds are issued. When the bonds applied for are received by the postmaster, the depositor will be notified and the bonds will be delivered by the postmaster on presentation of the receipt for the certificates surrendered at the same time all interest due on these certificates surrendered will be paid.

35. Savings deposits converted into bonds are not counted as a part of the maximum of \$500 allowed one depositor, and there is no limitation upon the amount of available postal-savings bonds which may finally be acquired by a depositor.

36. Postal-savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal, or local authority.

37. Postal-savings bonds can only be procured by the conversion of postal-savings deposits, and will not be issued to persons who are not depositors, but whether in registered or coupon form they may, upon receipt by the depositor, be sold and assigned at any time to any person desired.

**INFORMATION—38.** Further information concerning the Postal Savings System may be obtained by application at any depository office or by inquiry addressed to the Postmaster General (Postal Savings System), Washington, D. C.

FRANK H. HITCHCOCK,  
Postmaster General.

2. Postal savings bonds are exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal, or local authority.

**CONVERSION OF DEPOSITS—3.** Applications for the conversion of deposits into bonds on January 1, 1913, must be received on or before December 2, 1912, by the postmaster at the depository office where the certificates were issued. The postmaster will supply an application form, which must be made out in triplicate. The depositor must indorse and surrender with his appli-

cation postal savings certificates covering the amount of the bonds desired, for which the postmaster will give him a receipt. The bonds will be issued by the Secretary of the Treasury, and as soon as they are ready will be delivered to the applicants.

4. The conversion of deposits into bonds at a date less than one year after the certificates began to bear interest forfeits interest on the deposits as in the case of withdrawal for any other purpose.

5. Postal savings deposits converted into bonds are not counted as a part of the maximum of \$500 allowed one depositor, and there is no limitation on the amount of available postal savings bonds which may be acquired finally by a depositor. The exchange is considered as taking effect on January 1, and a depositor who has applied to convert into bonds all or part of the maximum balance of \$500 may deposit an additional amount in January, though the bonds may not yet have been delivered.

6. Postal savings bonds can be procured only by the conversion of postal savings deposits and will not be issued to persons who are not depositors. They may be sold or assigned to any person, however, by the holder, and when a registered bond is assigned a new bond will be issued in the name of the owner.

REGISTERED AND COUPON BONDS—7. The depositor's application must indicate whether bonds are desired in registered or coupon form. Coupon bonds are preferable for a depositor who intends to hold them for a short time only and who has ample facilities for their safe keeping, these bonds are payable to bearer, and the title will pass by delivery without endorsement. Interest on coupon bonds is collected by means of interest coupons, which are detached by the holder as they become due.

Registered bonds are preferable for persons intending to hold them for a considerable period, and they differ from coupon bonds in the following respects:

(a) They have inscribed upon their face the names of the persons to whom they are issued.

(b) They are payable only to the persons to whom issued or their assigns.

(c) The ownership of registered bonds can be transferred only by assignment in proper form.

ASSIGNMENT OF BONDS—8. Registered bonds are assigned by the use of a form printed on the back, properly dated and acknowledged. When the assignment is made by mark, it must be witnessed by at least one person other than the officer before whom it is made. A ledger account is opened in the Treasury Department at Washington with each holder of one or more registered bonds, and when such bonds are assigned they should be transmitted by the new owner to the Secretary of the Treasury (Division of Loans and Currency) for transfer on the books of the department. Registered bonds can not be exchanged for coupon bonds. Coupon bonds may

be converted into registered bonds, without charge, at the request of the holder.

ASSIGNMENT BY MINORS—9. Under the regulations of the Treasury Department a minor can not assign registered bonds without the consent of a duly appointed guardian or trustee, evidence of whose authority must be submitted. A minor has the right to convert his postal savings certificates into registered bonds, but if he should desire to assign the bonds during his minority he must comply with this regulation. This difficulty does not exist in the case of coupon bonds, which are transferred by mere delivery.

PAYMENT OF INTEREST ON BONDS—10. Interest on registered bonds is paid by checks drawn at the Treasury Department in favor of the registered holder. These checks are sent by mail to the post-office address of the holder, and the holder of a registered bond should notify the Secretary of the Treasury (Division of Loans and Currency) of any change in his post-office address at least 15 days before the interest falls due. Checks for interest on registered bonds, as well as interest coupons detached from coupon bonds, are payable on presentation at the United States Treasury or at the office of any assistant treasurer of the United States. Interest checks and coupons covering interest on postal savings bonds may be cashed by postmasters under the same conditions as other Government paper.

BONDS LOST OR DESTROYED—11. Payment on registered bonds that have been lost or stolen may be stopped by notifying the Secretary of the Treasury (Division of Loans and Currency) at Washington. If coupon bonds are lost the Government does not undertake to protect the owner against the wrongful holder, but recognizes the bearer only. The owner has recourse only to such means as he could use to recover any other valuable property. When bonds, either registered or coupon, have been destroyed wholly or in part, or defaced, a claim may be filed with the Secretary of the Treasury under certain prescribed conditions for their replacement. Such claims will not be allowed for coupons which have been detached from coupon bonds.

INFORMATION RELATING TO OWNERSHIP—12. United States bonds are issued, transferred, and redeemed under such regulations as the Secretary of the Treasury may prescribe. Requests by holders for additional information after the delivery of the bonds should be addressed to the Secretary of the Treasury (Division of Loans and Currency), Washington, D. C.

PURCHASE BY THE BOARD OF TRUSTEES—13. On the application of any holder the Board of Trustees will purchase postal-savings bonds at par. Registered bonds sent to the board for purchase must be assigned to the "Board of Trustees, Postal Savings System."

FRANK H. HITCHCOCK,  
Postmaster General.

# Parcel Post

(The numbered sections mentioned in this pamphlet refer to the parcel post regulations, a copy of which may be consulted at any post office.)

The act of Congress authorizing the establishment of a parcel post system provides that on and after January 1, 1913, fourth class mail matter shall embrace all other matter, including farm and factory products, not now embraced by law in either the first, second, or third class, not exceeding 11 pounds in weight nor greater in size than 72 inches in length and girth combined, nor in form or kind likely to injure the person of any postal employee or damage the mail equipment or other mail matter, and not of a chardomestic matter of the fourth class must be pre-

acter perishable within a period reasonably required for transportation and delivery.

**RATES OF POSTAGE**—Parcels weighing four ounces or less are mailable at the rate of one cent for each ounce or fraction of an ounce, regardless of distance. Parcels weighing more than four ounces are mailable at the pound rates shown in the following table a fraction of a pound being considered a full pound:

The local rate is applicable to parcels intended for delivery at the office of mailing or on a rural route starting therefrom.

**DISTINCTIVE STAMPS**—The law requires that on and after January 1, 1913, the postage on all

paid by distinctive parcel post stamps affixed (see sec. 3). Postmasters can not receive for mailing parcels that do not bear such stamps.

Parcel post stamps are not valid for the payment of postage on matter of the first, second, and third classes, and, when used for that purpose, the matter to which they are affixed shall be treated as "held for postage," as prescribed in section 9.

**PREPARATION FOR MAILING**—Parcels must be prepared for mailing in such manner that the contents can be easily examined. (See secs. 19 to 27, inclusive.)

A parcel must not be accepted for mailing unless it bears the name and address of the sender, preceded by the word "From."

Postmasters will refuse to receive for mailing parcels not properly indorsed or packed for safe shipment.

**WHERE MAILABLE**—Parcels must be mailed at a post office, branch post office, named or lettered station, or such numbered stations as may be designated by the postmaster, or delivered to a rural or other carrier duly authorized to receive such matter.

Parcels collected on star routes must be deposited in the next post office at which the carrier arrives and postage charged at the rate from that office.

**INSURANCE ON PARCELS**—A mailable parcel on which the postage is fully prepaid may be insured against loss in an amount equivalent to its actual value, but not to exceed \$50, on payment of a fee of 10 cents in parcel post stamps, such stamps to be affixed.

**UNMAILABLE MATTER**—The following matter is declared non-mailable by law (see secs. 211,

212 and 217 of the Criminal Code of the United States, approved Mar. 4, 1909):

1. Matter manifestly obscene, lewd or lascivious; articles intended for preventing conception or for procuring abortion; articles intended for indecent or immoral purposes; all matter otherwise mailable by law, the outside cover or wrapper of which bears any delineations or language of a libelous, scurrilous, defamatory, or threatening character.

Spiruous, vinous, malted, fermented, or other intoxicating liquors of any kind; poisons of every kind, and articles and compositions containing poison (except as prescribed in sec. 19); poisonous animals, insects and reptiles; explosives of every kind; inflammable materials (which are held to include matches, kerosene oil, gasoline, naphtha, benzine, turpentine, denatured alcohol, etc.); infernal machines, and mechanical, chemical, or other devices or compositions which may ignite or explode; disease germs or scabs (except as prescribed in sec. 36); and other natural or artificial articles, compositions, or materials of whatever kind which may kill or in any wise injure another or damage the mail or other property.

Live or dead (and not stuffed) animals, birds, or poultry (except as prescribed in secs. 22 and 34); raw hides or pelts, guano, or any article having a bad odor shall not be admitted to the mails.

A parcel post map and guide for determining postage rates may be obtained by remitting 75 cents by money order to the Chief Clerk, Post Office Department, Washington, D. C.

Be careful to specify the city or town where the map is to be used.

Further information may be obtained at any post office.
